

## DESCRIPTION OF EFFORT

Facilitate operations and maintenance of the C-130 H2 and H3 Aircrew Training Systems (ATS) at Dobbins ARB to support the required training. Support capability build-up for AFRC assumption of H2 Formal Training Unit (FTU) responsibilities at Dobbins commencing in Aug 2001. Manage the study for conversion of the H3 Unit Level Trainer (ULT) to an H2 trainer to support FTU operations. Develop training requirements to support H2/H3 [redacted] S and [redacted] operations.

Program Assessment:

Yellow
